## WHAT'S NEW?

Starting with this formative and informative October, 1999 issue, we expect the Hunterdon Harmonizers' "IN TUNE" will answer that question. Putting out a bulletin for a chapter with as many varied activities as we have will be a real challenge, and I'm really proud of the person who has taken on this task for our chapter. **Linda Williams** will be editing and publishing our bulletin every month, and I know we all will be very appreciative of her efforts in gathering the information from the far corners of our organization (difficult), putting it into some semblance of order (admirable), and communicating it effectively so we don't get in so much trouble with our families.

Formative 1: The distribution is planned to be by e-mail to as many addresses as we have. Please contact Linda Williams at [lindaw23@injersey.com](mailto:lindaw23@injersey.com) with your e-mail address and you will receive this bulletin as soon as it is published. You and your family will still get the snail-mail copy, generally a wise idea for those who use work e-mail addresses and forget to bring the schedule home (guilty!).

Formative 2: What do you want in your Bulletin? A schedule is a MUST, and there are a few other "boilerplate" items that might be included. Suggested regular features are:

- Music Plans... what's up for the next month's rehearsals and shows.
- Services... kind of a boilerplate including chorus "go-to-guys" for music, uniforms, etc., learning tape availability, etc.
- Upcoming events... what you have to know and who you have to pay and by when....
- Performances and Good Reviews... These are frequent and worth recording
- Personals... don't want to go overboard, but we ARE a family!
- Articles, Ideas, Suggestions, Gripes (constructively presented), Publishable jokes, etc.

- Suggestions can be sent directly to the editor or passed on through her bass-ically reliable husband, who (after this introduction) will be contributing articles as appropriate, but leaving the editing to a more skillful hand.

## MUSIC LEARNING SCHEDULE

The Hunterdon Harmonizers learning tape program is alive and improving. The tapes for our Christmas Extravaganza cover almost all of the 17 songs that will be sung in our show. Please see me (Rusty) if you have any difficulty with your learning tape... replacements are free if you smile. **BRING YOUR TAPE RECORDER TO PRACTICE** and record yourself. This will be the best learning tape you can listen to... it's reality and it really helps!

Where we are in the song learning schedule and our plan for new song rollouts follows:

### Off the paper

- It's Beginning to look a lot like Christmas
- Carol of the Bells

### 4th Week

- We Need a Little Christmas

### 3rd Week

- The Secret of Christmas
- 12 Days of Christmas
