

A Few Notes

From the President — Tuesday, June 20, 2006

Deer Path Show June 29th

Just two more Tuesdays, including tonight, to get together for our big spring show at Deer Path. Plan to bring your family. Let Bill Sabor know if you know anyone who can help with our membership table.

Orchestra at Deer Path June 22nd

The program at Deer Path opens this week with the Hunterdon Symphony. If your schedule allows take your family to the free performance of pops music. Pass out a few member recruitment cards etc., and get the lay of the land.

Board Meeting Last Night

Last night we had the first agenda that did not fit on one page. It was a busy night. Our treasure told us we could have a cash flow problem if we do not collect some of the money we have put out. Please pay for your contest photo (see Graham Cleaves) and for your ball game tickets, and for your tickets for the Wildwood contest in October (we had to buy them and put out the money to get better seats than we would have gotten if we waited.

Ball Game July 16th

Very little interest from outside of our chapter for this event. We should all reach for our friends who have ever sung with us and invite them to come out for the event. The Board ordered 40 tickets and returned sixty. We can get some of the sixty back if we need them.

Wildwood Contest Weekend

We will be joining with the Big Apple and with Westchester for a three chapter after glow right in the convention center. Look forward to details as we get closer to the event. We need an event manager and someone to manage a group dinner for the Saturday night of the weekend. Let me know if you are interested.

Holiday Show Volunteers

We need a local active tickets chairman and he will need a three person committee. We also need a program chairman for our printed program and an advertising manager for that same program. These are important positions as they provide a major part of our income for the year. Program advertising rates will stay the same, but we want a substantial increase in numbers of advertisers this year. We plan to start advertising sales in July to give larger advertisers an opportunity to participate before their budgets are used up. More detail in a couple of weeks.

Flemington Fair

We have an opportunity to have a table Wednesday August 23 through Sunday August 27th in the community service tent at the Flemington Fair as a membership development project. See Bill Sabor about participating in staffing this membership development initiative.
